

I'm one of the many New Jerseyans who enjoy the silence from my phone by eliminating the unwanted telemarketing calls. I want the exclusions New Jersey has added. I may have an existing relationship with your organization, but only want to hear from you if something is wrong with the existing accounts.

I'm not a lazy person, I'll take the time to research any products you'll have and compare it to those products being offered by your competitors. I'll call you if I want you to provide the service to me, I don't want you to call me.

I'm also one of those people who the charities, PACs and political parties hate. If I don't know your company or you block your number, you'll only reach my answering machine. Caller ID combined with the Do-Not-Call registry is a beautiful thing. I only return calls to those entities I want to deal with.
